SilkMatte Refresher

Code - MO-SMR
Availability - STOCKED

FOR REFRESHING THE SILKMATTE FINISH ON MODA FLOORS

BENEFITS & APPLICATION

Moda SilkMatte Refresher is an optimised mixture of oils with the addition of wax to protect timber from moisture and damage after applying Moda Stain. Moda SilkMatte Refresher is used to refresh or protect decorative finishes of timber flooring in public and private spaces, furniture and other wooden surfaces. Moda SilkMatte Refresher applies a thin protective transparent film on the surface of any oil finish, adds water-repellent and anti-dirt properties. The product is to be used when the surface looks dry (rough), if the protective layer wears off as a result of high traffic or as a protective finish coat to timber applied with Moda Stain.

Application Frequency:

RESIDENTIAL – ONCE EVERY 3-5 YEARS (SILKMATTE POLYURETHANE)

LIGHT COMMERCIAL – ONCE EVERY 3-6 MONTHS (SILKMATTE POLYURETHANE)

HEAVY COMMERCIAL – ONCE EVERY 1-2 MONTHS (SILKMATTE POLYURETHANE)

METHOD OF APPLICATION

Preparation: Clean the surface with a vacuum cleaner (flooring) or with a lint free cloth. Clean the floor with Moda Cleaner Concentrate. Beware not to over wet the floor; the surface dries out in 2-3 minutes after cleaning. It is recommended to provide the following climate conditions: temperature from +18°C to +25°C, relative air humidity 40 - 60 %. It is necessary to ensure good air flow during the whole application and drying process. **SHAKE WELL BEFORE USE**

Manual Application: It is recommended to apply the Moda SilkMatte Refresher to the surface with an applicator pad, roller, paintbrush or white lint free rag, distributing it evenly on the surface. When applied, rub with white rags, removing excess coating.

Automatic Application: Apply the Moda SilkMatte Refresher to the flooring surface an applicator pad, roller, paintbrush or white lint free rag, distributing it evenly on the surface. After the application, rub the oil using a white pad on a buffing machine.

PRODUCT DETAILS

Ingredients	Natural oil, wax, desiccants, solvent
Bottle Volume	75ml
Consumption	5 – 10ml per m ²
Flooring Care	Forté recommend Moda Cleaner Concentrate to clean floors with a SilkMatte finish
Tools Cleaning	Tools and dry oil remains can easily be cleaned with a white spirit
Shelf Life	12 months from manufacturer date if package is intact
Storage	Keep tightly closed at 5°-25°. Avoid direct sunlight and exposure to temperatures below 5°. Keep dry
Safety Requirements	FLAMMABLE. For intended use only. Keep out of reach of children. Wear suitable rubber gloves when using the oil. If under-ventilated, use respiratory protection. Do not inhale oil fumes. Avoid release to the environment.
Disposal	Dispose of the preliminary water-soaked rags with oil remains in a tightly closed container.
